# Publications Checklist

Category	<i>Brownfields Information</i>			
	Title	Pub. #	Date	Filename
<input type="checkbox"/>	<b>2000 Brownfields Study Group Final Report</b> Final Report of 2000 Study Group requested by State Legislature. Contains 70 proposals for improving Wisconsin's brownfields initiatives. (90 pp.)	RR-655	12/01/2000	RR655.pdf
<input type="checkbox"/>	<b>Brownfield Basics - Tools for Cleaning Up and Redeveloping Contaminated Properties (brochure)</b> Brochure that describes what brownfields are, what financial assistance is available to clean up and redevelop brownfields, what technical assistance is available from DNR staff, and more.	RR-663	04/30/2001	RR663.pdf
<input type="checkbox"/>	<b>Brownfield Basics for Local Governments (brochure)</b> Brochure that describes tools, financing, assistance, and publications available to local governments as they clean up and redevelop brownfields.	RR-658	04/30/2001	RR658.pdf
<input type="checkbox"/>	<b>Brownfields and Comprehensive Planning (Fact Sheet #15)</b> Describes how brownfields fit into comprehensive planning and lists evaluation and promotion tools available to the public.	RR-679	03/28/2002	RR679.pdf
<input type="checkbox"/>	<b>Brownfields Green Space &amp; Public Facilities Grant Application Instructions</b> Instructions for local governments who are completing Form 4400-228. The Brownfields Green Space & Public Facilities Grant Application.	RR-695	05/10/2006	RR695.pdf
<input type="checkbox"/>	<b>Brownfields Initiatives in the 1999-2001 State Budget</b> A summary of all the statutory changes, improvements and new programs related to brownfields in the 1999-2001 Wisconsin State Budget (1999 Wisconsin Act 9) prepared by the Department of Natural Resources.	RR-623	11/15/1999	RR623.pdf
<input type="checkbox"/>	<b>Brownfields Initiatives In The 2001-2003 State Budget</b> This fact sheet summarizes changes, improvements and new programs related only to brownfields programs.	RR-672	09/28/2001	RR672.pdf
<input type="checkbox"/>	<b>Brownfields Memorandum of Agreement (MOA) between the Wisconsin DNR and the U.S. Environmental Protection Agency, Region V Concerning Brownfields Properties and Voluntary Clean Ups</b> Agreement between the state and EPA regarding superfund jurisdiction and liability for contamination sites that undergo cleanups under the state's voluntary cleanup program.	RR-541	10/27/1995	RR541.pdf
<input type="checkbox"/>	<b>Development At Historic Fill Sites And Licensed Landfills: Considerations and Potential Problems</b> This fact sheet provides general information about potential problems associated with development at sites containing buried waste.	RR-685	04/30/2002	RR685.pdf
<input type="checkbox"/>	<b>Development At Historic Fill Sites And Licensed Landfills: Guidance For Investigation</b> This fact sheet gives a framework for characterization and investigation at sites containing buried waste when development is proposed.	RR-684	10/05/2005	RR684.pdf

Check out our website at <http://dnr.wi.gov/org/aw/rr/>

<input type="checkbox"/>	<b>Development At Historic Fill Sites And Licensed Landfills: What You Need to Know</b>	RR-683	<b>06/14/2005</b>	RR683.pdf
	The introductory fact sheet to the exemption required for the development on sites that contain buried waste.			
<input type="checkbox"/>	<b>Exemption Application for Development at Historic Fill Site or Licensed Landfill</b>	4400-226	<b>12/05/2005</b>	4400-226.pdf
	Application for an exemption to the prohibition of agriculture, excavation, or placement of structures on buried waste.			
<input type="checkbox"/>	<b>Exemption Application for Development at Historic Fill Site or Licensed Landfill</b>	4400-226a	<b>12/05/2005</b>	4400-226a.pdf
	Application for an expedited exemption to the prohibition of agriculture, excavation, or placement of structures on buried waste (to be submitted in addition to Form 4400-226 also).			
<input type="checkbox"/>	<b>Negotiated Agreements: Contracts for Non-Emergency Remediation of Contaminated Properties (Fact Sheet 6)</b>	RR-664	<b>03/27/2006</b>	RR664.pdf
	Describes a negotiated agreement & provides information on non-emergency cleanup situations when they could be used.			
<input type="checkbox"/>	<b>Ready for Reuse Application Part I: Eligibility Determination</b>	4400-238	<b>02/13/2006</b>	4400-238.pdf
	Part I of the application for the Wisconsin Ready for Reuse Loan and Grant Program			
<input type="checkbox"/>	<b>Ready for Reuse Application Part II: Project Scoring and Financial Details</b>	4400-239	<b>02/13/2006</b>	4400-239.pdf
	Part II of the application for the Wisconsin Ready for Reuse Loan and Grant Program.			
<input type="checkbox"/>	<b>Save-A-Lot Foods</b>	RR-731	<b>06/30/2005</b>	RR731.pdf
	This former service station and Bay City Cab site now boasts a new grocery store and is part of Green Bay's redevelopment initiative.			

Category <i>Consultants, Contractors and Services</i>				
	<b>Title</b>	<b>Pub. #</b>	<b>Date</b>	<b>Filename</b>
<input type="checkbox"/>	<b>Consultants and Contractors Survey [Survey of Environmental Companies]</b>	RR-026	<b>04/03/2003</b>	RR026.pdf
	Questionnaire that environmental consultants and contractors must fill out if they would like to become eligible to be awarded a state or federally funded project.			
<input type="checkbox"/>	<b>Environmental Services Contractors List</b>	RR-024	<b>12/15/2005</b>	RR024.pdf
	A list of self-identified consultants that perform environmental services in Wisconsin. Intended for use with "Selecting an Environmental Consultant," RR-502. For Public information only - not a certification or endorsement list. Updated bi-annually.			
<input type="checkbox"/>	<b>Selecting an Environmental Consultant</b>	RR-502	<b>06/20/2005</b>	RR502.pdf
	Sources of information and questions to ask when hiring a consultant.			
<input type="checkbox"/>	<b>Wisconsin Ready for Reuse Loan and Grant Program</b>	RR-753	<b>02/09/2006</b>	RR753.pdf
	Fact sheet describing funding eligibility and application process for the Ready for Reuse cleanup loans and grants.			

Check out our website at <http://dnr.wi.gov/org/aw/rr/>

Category		Financial		
	Title	Pub. #	Date	Filename
<input type="checkbox"/>	<b>2005-2006 Round 7 Brownfield Site Assessment Grant - Application Instructions</b> Instructions for the 2005-2006 Round 7 Site Assessment Grant Application	RR-678	07/18/2005	RR678.pdf
<input type="checkbox"/>	<b>Bid Requirements-Dry Cleaner Environmental Response Program</b> This fact sheet helps dry cleaners understand the bidding requirements found in chapter NR169.	RR-750	12/01/2005	RR750.pdf
<input type="checkbox"/>	<b>Brownfield Green Space and Public Facilities Grant Program - Reimbursement Claim</b> Primary reimbursement claim form for the Brownfield Green Space and Public Facilities Grant Program. Must be submitted with Form 4400-234.	4400-234	11/01/2004	4400-234.pdf
<input type="checkbox"/>	<b>Brownfield Green Space and Public Facilities Grant Program - Reimbursement Claim Worksheet</b> Reimbursement worksheet for the Brownfield Green Space and Public Facilities Grant Program. Must be submitted with Form 4400-235.	4400-235	11/01/2004	4400-235.pdf
<input type="checkbox"/>	<b>Brownfield Green Space and Public Facilities Grants</b> Two page grant fact sheet.	RR-755	05/10/2006	RR755.pdf
<input type="checkbox"/>	<b>Brownfield Site Assessment Grant</b> This factsheet describes the Site Assessment Grant Program and gives specific deadline information for 2004-2005.	RR-652	06/20/2005	RR652.pdf
<input type="checkbox"/>	<b>Brownfield Site Assessment Grant Application Form (Form Only)</b> Application form for the Brownfield Site Assessment Grant. This is the form only. See RR-678 for instructions.	4400-217	07/14/2005	4400-217.pdf
<input type="checkbox"/>	<b>Brownfield Site Assessment Grant Program - Reimbursement Claim Form &amp; Worksheet</b> Reimbursement Claim Form & Worksheet for the Brownfields Site Assessment Grant Program.	4400-222	01/03/2006	4400-222.pdf
<input type="checkbox"/>	<b>Brownfield Site Assessment Grant Program Final Report</b> Final report form for the brownfield Site Assessment Grant Program	4400-223	07/31/2002	4400-223.pdf
<input type="checkbox"/>	<b>Brownfields Federal Tax Deduction Pre-Certification Tax Form (Form 4400-206 Only)</b> This form must be completed and mailed in order to receive a letter from the DNR that certifies a property for the Federal Brownfields Tax Incentive. Please see RR-592 for more information on this incentive.	4400-206	12/05/2005	4400-206.pdf
<input type="checkbox"/>	<b>Brownfields Green Space &amp; Public Facilities Grant Application</b> The application for the Brownfields Green Space & Public Facilities Grant program.	4400-228	04/01/2006	4400-228.pdf

<input type="checkbox"/>	<b>Brownfields Green Space and Public Facilities Grant Final Report</b>	4400-236	<b>07/27/2005</b>	4400-236.pdf
	Report that local governments who receive a Brownfields Green Space and Public Facilities Grant are required to submit when requesting final reimbursement.			
<input type="checkbox"/>	<b>DERP Reimbursement Application Instructions &amp; Checklist</b>	RR-751	<b>12/01/2005</b>	RR751.pdf
	Instructions for preparing a reimbursement application for the DERP program.			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Fund Site Investigation Bid Cover Sheet Instructions</b>	RR-717	<b>04/20/2004</b>	RR717.pdf
	This publication provides instructions for filling out form 4400-233.			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Response Fund (DERF) Site Investigation Bid Cover Sheets</b>	4400-233	<b>04/20/2004</b>	4400-233.zip
	This form is to be used by consultants & dry cleaners as part of the site investigation bidding requirements for the DERF program. Included in the Zip file are the instructions (RR-717) for filling out this form.			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Response Fund Application (Form 4400-211)</b>	4400-211	<b>10/24/2005</b>	4400-211.pdf
	This form must be submitted when you are making a claim for past costs or current costs associated with an immediate, interim or remedial response.			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Response Fund Interim and Remedial Action Bid Proposal Summary (Form 4400-212)</b>	4400-212	<b>04/23/2004</b>	4400-212.pdf
	This form is required to document all consultant selection processes that were initiated on or after February 1, 2000 for conducting interim or remedial actions. It summarizes the minimum 3 proposals received as part of the program's bidding requirements. (Note: Form 4400-233 is to be used for bid proposals for site investigations under the DERF program.)			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Response Fund Potential Claim Notification (Form 4400-210)</b>	4400-210	<b>09/04/2003</b>	4400-210.pdf
	This form is required for all facilities that want to submit a reimbursement application for site investigations and remedial response actions.			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Response Fund Reimbursement Cost Detail Worksheet (Form 4400-214)</b>	4400-214	<b>09/04/2003</b>	4400-214.pdf
	This form is used in conjunction with the reimbursement cost summary form to itemize the detail of clean up costs by invoice into response action types and by cost categories.			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Response Fund Reimbursement Cost Summary (Form 4400-213)</b>	4400-213	<b>09/04/2003</b>	4400-213.pdf
	This form must be used to summarize clean up costs into the required DERF program cost categories.			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Response Fund: A Program Evaluation Report</b>	RR-681	<b>01/04/2002</b>	RR681.pdf
	This publication is a program review and evaluation for the DERF program. It contains recommendations for future changes & includes an addendum from the Governor's council on DERF.			
<input type="checkbox"/>	<b>Dry Cleaner Environmental Response Fund: Requirements to Reduce your Risk of a Release</b>	RR-636	<b>09/18/2003</b>	RR636.pdf
	Outlines the pollution prevention requirements contained in the DERF program in order to be eligible for reimbursement for cleanup costs.			

<input type="checkbox"/>	<b>Eligibility &amp; Scoring Tips for Site Assessment Grant Applicants</b>	RR-733	07/25/2005	RR733.pdf
	Tips to make sure Site Assessment Grant applicants select eligible properties.			
<input type="checkbox"/>	<b>Federal Brownfields Tax Incentive</b>	RR-592	10/25/2004	RR592.pdf
	Fact sheet describes how interested parties can use the federal brownfields tax incentive to help in remediation and redevelopment projects.			
<input type="checkbox"/>	<b>Financial Resource Guide for Cleanup and Redevelopment</b>	RR-539	01/30/2006	RR539.pdf
	Descriptions of local, state, and federal financial resources and incentives available to help businesses and communities cleanup and redevelop 'brownfields' (properties with known or suspected contamination).			
<input type="checkbox"/>	<b>Municipal Negotiation &amp; Cost Recovery Umpire List Prequalification Questionnaire</b>	RR-517	03/01/2005	RR517.pdf
	Questionnaire for interested parties to be listed as an 'umpire,' who facilitate talks between local government & responsible parties for the design & implementation of remedial action plans & contribution of associated costs.			
<input type="checkbox"/>	<b>Program Basics - Dry Cleaner Environmental Response Program</b>	RR-749	12/01/2005	RR749.pdf
	This fact sheet summarizes the Dry Cleaner Environmental Response Program.			
<input type="checkbox"/>	<b>QBS for Consultant Selection DERF</b>	RR-752	12/01/2005	RR752.pdf
	This guidance helps dry cleaners understand the requirements for consultant selection under NR-169.			
<input type="checkbox"/>	<b>Substitute W-9 Taxpayer ID Number Verification (Form DOA-6448)</b>	DOA-6448	09/01/2004	DOA-6448.pdf
	This Department of Administration form is required to be completed for anyone who receives monies from the department. Return this form with your DERP application.			
<input type="checkbox"/>	<b>Sustainable Urban Development Zone (SUDZ) project update</b>	RR-667	04/23/2003	RR667.pdf
	Brief summaries of Wisconsin's seven sustainable urban development zone projects.			

Category		General Information		
	Title	Pub. #	Date	Filename
<input type="checkbox"/>	<b>Environmental Contamination Basics</b>	RR-674	07/08/2004	RR674.pdf
	Basic information about the RR Program and what to do if you discover contamination on your property.			
<input type="checkbox"/>	<b>Finding Contaminated Properties in Wisconsin: On-line and Print Resources</b>	RR-673	03/22/2006	RR673.pdf
	How to locate information regarding contaminated sites on the RR Internet using BRRTS on the web, GIS Registry and various printed publications.			
<input type="checkbox"/>	<b>Information About Using Natural Attenuation To Clean Up Contaminated Groundwater</b>	RR-671	10/09/2001	RR671.pdf
	Fact sheet from landowners explaining the use of natural attenuation to clean up groundwater.			

Check out our website at <http://dnr.wi.gov/org/aw/rr/>

<input type="checkbox"/>	<b>Publications Checklist</b>	RR-582	<b>06/26/2006</b>	RR582.pdf
	List of remediation and redevelopment publications and information about ordering and downloading our publications. Updated quarterly.			
<input type="checkbox"/>	<b>Re News Volume 13 Number 2</b>	RR-706	<b>06/05/2003</b>	RR706.pdf
	RR Program's quarterly newsletter: June 2003, highlights permanganate injections, vapor intrusion, a Wausau success story, and more.			
<input type="checkbox"/>	<b>Re News Volume 13 Number 3</b>	RR-708	<b>09/18/2003</b>	RR708.pdf
	RR Program's quarterly newsletter: September 2003, highlights the State Budget, Fox River Cleanup, Federal Brownfields Grants, and much more.			
<input type="checkbox"/>	<b>Re News Volume 13 Number 4</b>	RR-713	<b>12/15/2003</b>	RR713.pdf
	RR Program's quarterly newsletter: December 2003, issue highlights the Brownfields Site Assessment Grant, Site Investigation and Closure reporting and Wisconsin's "Ready for Reuse" Initiative.			
<input type="checkbox"/>	<b>Re News Volume 14 Number 1</b>	RR-716	<b>03/12/2004</b>	RR716.pdf
	RR Program's quarterly newsletter: March 2004, highlights the Mann-Kendall test, consultant's days, and a success story in Columbus.			
<input type="checkbox"/>	<b>Re News Volume 14 Number 2</b>	RR-720	<b>06/11/2004</b>	RR720.pdf
	RR Program's quarterly newsletter: June 2004, highlights recently signed bills impacting the program, new grants, the upcoming National Brownfields Conference and an in-depth look at part of our own RR web site.			
<input type="checkbox"/>	<b>Re News Volume 14 Number 3</b>	RR-722	<b>09/27/2004</b>	RR722.pdf
	RR Program's quarterly newsletter: September 2004, highlights an RR staff award, budget cuts, revised dry cleaner rules, brownfields grants and much more.			
<input type="checkbox"/>	<b>Re News Volume 14 Number 4</b>	RR-724	<b>12/14/2004</b>	RR724.pdf
	RR Program's quarterly newsletter: December 2004, highlights national recognition for state brownfields programs, new web pages and publications, RR employees of the year, and much more.			
<input type="checkbox"/>	<b>Re News Volume 15 Number 1</b>	RR-727	<b>03/22/2005</b>	RR727.pdf
	RR Program's quarterly newsletter: March 2005, highlights the RR Program Audit of Institutional Controls, new and improved on-line databases, Air and Waste Division 2004 annual report, and much more.			
<input type="checkbox"/>	<b>Re News Volume 15 Number 2</b>	RR-728	<b>06/01/2005</b>	RR728.pdf
	RR Program's quarterly newsletter: June 2005, highlights the Voluntary Party Liability Exemption, common problems regarding case closures and much more.			
<input type="checkbox"/>	<b>Re News Volume 15 Number 3</b>	RR-738	<b>09/01/2005</b>	RR738.pdf
	RR Program's quarterly newsletter: September 2005, highlights new changes to the NR 700 and Dry Cleaner rules, a successful brownfield redevelopment in West Milwaukee, and a special section on the program's web information for cleaning up contaminated properties.			
<input type="checkbox"/>	<b>Re News Volume 15 Number 4</b>	RR-748	<b>12/01/2005</b>	RR748.pdf
	RR Program's quarterly newsletter: December 2005, highlights DNR's new brownfield grants to assess contamination in Milwaukee's 30th St. industrial corridor, the federal removals program, ReNews becoming an electronic-only newsletter, a successful brownfield redevelopment in Whitewater, and much more.			

<input type="checkbox"/>	<b>Re News Volume 16 Number 1</b>	RR-754	<b>03/15/2006</b>	RR754.pdf
RR Program's quarterly newsletter: March 2006, highlights DNR's new \$4 million "Ready For Reuse" program, \$1.7 million in DNR Brownfield Site Assessment Grant (SAG) awards, recent mercury cleanup efforts by the RR and Waste programs, ReNews becoming an electronic-only newsletter, a successful cleanup of the Hog Island Inlet and Newton Creek in Superior, and much more.				
<input type="checkbox"/>	<b>Re News Volume 16 Number 2</b>	RR-758	<b>06/05/2006</b>	RR758.pdf
RR Program's quarterly newsletter: June 2006, highlights new brownfields legislation, whether local governments should acquire contaminated property, application availability for Brownfield Green Space and Public Facility grants, a successful cleanup in Eau Claire, and much more.				
<input type="checkbox"/>	<b>Registry of Waste Disposal Sites in Wisconsin</b>	RR-108	<b>06/01/1999</b>	RR108.pdf
Comprehensive listing of all sites where solid or hazardous wastes have been or may have been deposited. Inclusion of a site on the Registry is not intended to suggest that environmental problems have occurred, are occurring, or will occur.				
<input type="checkbox"/>	<b>Remediation and Redevelopment 2002-2003 Annual Report</b>	RR-718	<b>03/16/2004</b>	RR718.pdf
Highlights of the Remediation and Redevelopment Program from 2003-2003 Fiscal Year.				
<input type="checkbox"/>	<b>Remediation and Redevelopment Program Brochure</b>	RR-691	<b>06/24/2002</b>	RR691.pdf
The Remediation and Redevelopment Program's Informational Brochure.				
<input type="checkbox"/>	<b>Strategic Direction and Organization of the Remediation and Redevelopment Program</b>	SW-292	<b>09/01/1995</b>	SW292.pdf
Plan for implementing improvements in DNR cleanup programs developed by advisory group during reorganization of the department in 1995. Communicates our intention to conduct cleanups in full partnership with the public and private sectors.				
<input type="checkbox"/>	<b>West Central Region RR Update (April 2004)</b>	RR-719	<b>04/20/2004</b>	RR719.pdf
Semi-annual update for externals on ongoing efforts by West Central Region RR staff and available mechanisms for clean up and redevelopment of contaminated sites.				
<input type="checkbox"/>	<b>West Central Region RR Update (December 2004)</b>	RR-725	<b>12/06/2004</b>	RR725.pdf
Semi-annual update for externals on ongoing efforts by West Central Region RR staff and available mechanisms for clean up and redevelopment of contaminated sites.				
<input type="checkbox"/>	<b>West Central Region RR Update (October 2005)</b>	RR-739	<b>10/12/2005</b>	RR739.pdf
West Central Region RR Region's semi-annual update, October 2005 includes Crawford County former Highway Shop story, proposed legal changes, new tracking system and more.				

<b>Category</b>		<i>Liability, Clarifications and Exemptions</i>		
<b>Title</b>		<b>Pub. #</b>	<b>Date</b>	<b>Filename</b>
<input type="checkbox"/>	<b>Application &amp; Instructions for Voluntary Party Liability Exemption (Form 4400-178)</b>	4400-178	<b>08/15/2000</b>	4400-178.pdf
The form required for voluntary parties to apply for the voluntary party liability exemption under the Land Recycling program.				
<input type="checkbox"/>	<b>Clarification of Procedures for Parties Seeking the VPLE for Petroleum Contaminated Sites</b>	RR-677	<b>01/11/2002</b>	RR677.pdf
This publication can help people who are seeking the Voluntary Party Liability Exemption (VPLE) for sites with petroleum contamination from tanks and those using PECFA to pay for the cleanup.				

Check out our website at <http://dnr.wi.gov/org/aw/rr/>

<input type="checkbox"/>	<b>DNR's Superior Lien Authority: What It Means For Property Owners (Fact Sheet 4).</b>	RR-507	<b>10/05/2005</b>	RR507.pdf
	Provides information on the state's superior lien authority to interested parties.			
<input type="checkbox"/>	<b>Environmental Liability Exemptions for Lenders and Representatives (Fact Sheet 5)</b>	RR-508	<b>06/14/2005</b>	RR508.pdf
	This fact sheet describes how lenders and representatives can be protected from state and federal liability. It includes specific information on the environmental assessment requirements for lenders who acquire property.			
<input type="checkbox"/>	<b>General Liability Clarification Letters (Fact Sheet 11)</b>	RR-619	<b>01/25/2006</b>	RR619.pdf
	Describes General Liability Clarification Letters and how to request one from the DNR. These letters may be useful for people who want to buy, sell, or get a loan on a piece of contaminated property.			
<input type="checkbox"/>	<b>Guidance for Dealing with Properties Affected by Off-Site Contamination (Fact Sheet 10)</b>	RR-589	<b>06/14/2005</b>	RR589.pdf
	Fact sheet 10 was developed to assist current landowners, purchaser of property, municipalities and DNR staff understand the off-site liability exemption contained in s. 292.13, Wis. Stats.			
<input type="checkbox"/>	<b>Insurance for Voluntary Party Liability Exemption (VPLE) Sites Using Natural Attenuation - Information and Fee Schedule (Fact Sheet 13).</b>	RR-661	<b>03/23/2006</b>	RR661.pdf
	This fact sheet describes the insurance requirements in ch. NR 754 that voluntary parties must follow for sites using natural attenuation. The fact sheet also includes a schedule of insurance fees.			
<input type="checkbox"/>	<b>Lease Letters: Clarifying Environmental Liability When Leasing Property (Fact Sheet 12)</b>	RR-620	<b>03/27/2006</b>	RR620.pdf
	Developed to help potential tenants/owners of contaminated properties understand how lessees may avoid liability for contaminated properties that they rent. Describes steps they must take and site-specific conditions they must meet to acquire a letter.			
<input type="checkbox"/>	<b>Lender Liability Exemption Environmental Assessment Tracking (Form 4400-196)</b>	4400-196	<b>03/06/2001</b>	4400-196.pdf
	Cover form for use by lenders or their representatives in submitting environmental assessments towards receipt of the lender liability exemption.			
<input type="checkbox"/>	<b>Liability Protection for Local Governmental Units and Economic Development Corporations (Fact Sheet 7)</b>	RR-579	<b>03/01/2005</b>	RR579.pdf
	Covers all aspects of the municipal liability exemption from responsibility for cleaning up contamination sites under the state Land Recycling Law to the associated federal liability exemption from Superfund.			
<input type="checkbox"/>	<b>Off-Site Discharge Exemption Request Application (Form 4400-201)</b>	4400-201	<b>02/01/2005</b>	4400-201.pdf
	Helps clarify who is liable when contamination from an off-site source impacts a neighboring property. Property owners will not be held responsible for taking appropriate environmental response actions.			
<input type="checkbox"/>	<b>Off-site Model Letter</b>	RR-600	<b>06/14/2005</b>	RR600.pdf
	Sample letter for the determination of a liability exemption for soil or groundwater contaminated by an off-site source.			
<input type="checkbox"/>	<b>Technical Assistance and Environmental Liability Clarification Request</b>	4400-237	<b>12/01/2005</b>	4400-237.pdf
	This form may be used to request written technical approvals, liability clarifications and specialized agreements. It shows the fee for each service.

Category		Spill Response Information		
	Title	Pub. #	Date	Filename
<input type="checkbox"/>	<b>Agricultural Spills and How to Handle Them</b>	RR-687	10/31/2002	RR687.pdf
	A brochure for the Agricultural community on spill reporting and cleanup. Also provides contact information for DNR and DATCP (Dept of Agriculture, Trade, and Consumer Protection).			
<input type="checkbox"/>	<b>DNR Staff Provide Spill Response and Support</b>	RR-559	09/29/2005	RR559.pdf
	Describes how the DNR staff (including regional staff, central office staff, wardens and spill coordinators) provide spill response and support when a spill occurs.			
<input type="checkbox"/>	<b>Fax Notification Form for Hazardous Substance Discharges</b>	4400-225	05/23/2005	4400-225.pdf
	Form for use in notifying the Department of hazardous substance releases by telefax.			
<input type="checkbox"/>	<b>Household Mercury Spill Clean Up Options</b>	RR-629	07/01/1999	RR629.pdf
	A fact sheet on mercury produced with the Department of Health and Family Services' Division of Public Health. Describes what mercury is, how to prevent spills, and how to handle mercury if there is a spill.			
<input type="checkbox"/>	<b>Mechanical and Chemical/Biological Spill Response Methods</b>	RR-710	09/30/2005	RR710.pdf
	Summary of spill response methods allowed in Wisconsin for spills on land and water.			
<input type="checkbox"/>	<b>Why and How to Protect Your Home from Fuel Oil Spills</b>	RR-630	05/01/2000	RR630.pdf
	Throughout the state there are a number of spills associated with the delivery of fuel. This fact sheet presents tips and information to help prevent spills in and around private homes.			
<input type="checkbox"/>	<b>Wisconsin Spill Reporting Requirements</b>	RR-558	05/27/2003	RR558.pdf
	Outlines the reporting requirements for discharges of hazardous substances in Wisconsin. Includes a description of de-minimis reporting requirements and when those de-minimis requirements apply.			
<input type="checkbox"/>	<b>Wisconsin Spill Reporting Requirements - Condensed Version</b>	RR-560	09/18/2002	RR560.pdf
	Summary of spills law and De Minimis exemptions from ch. NR 706. Intended for posting in businesses and other enterprises where spills may occur so that reporting requirements can be quickly determined and followed.			

Check out our website at <http://dnr.wi.gov/org/aw/rr/>

<input type="checkbox"/>	<b>Wisconsin Spills Factsheet</b>	RR-604	10/01/1998	RR604.pdf
	Provides information about the location, substance, source, and impact of Wisconsin spills. Also included is the Honey Creek Spills Response Case Study.			

<b>Category</b>		<i>Success Stories</i>		
<b>Title</b>		<b>Pub. #</b>	<b>Date</b>	<b>Filename</b>
<input type="checkbox"/>	<b>Amery Fire Station</b>	RR-729	07/29/2005	RR729.pdf
	A site with a varied history of uses is transformed into the centerpiece of a small community's downtown renewal effort.			
<input type="checkbox"/>	<b>Baraboo City Services Center</b>	RR-694	11/07/2002	RR694.pdf
	Describes the cleanup and redevelopment of an old railroad and scrapyard in the heart of Baraboo.			
<input type="checkbox"/>	<b>C.A. Lawton</b>	RR-743	10/26/2005	RR743.pdf
	A building slated for demolition gets the help of a determined community, a progressive city, and a "Big Picture" thinking developer and ends up being listed on the National Register of Historic Places.			
<input type="checkbox"/>	<b>CenturyTel: A Successful Partnership for La Crosse</b>	RR-662	06/01/2001	RR662.pdf
	Highlights the successful CenturyTel brownfield project in La Crosse, which is part of the Riverside Redevelopment Project. An abandoned industrial area was cleaned up and turned into CenturyTel's new Midwest regional telecommunication headquarters.			
<input type="checkbox"/>	<b>Former Metalfab Facility</b>	RR-735	08/04/2005	RR735.pdf
	This brownfield site gave city of Columbus a chance to clean up and preserve their historic downtown commercial district.			
<input type="checkbox"/>	<b>Marathon Rubber</b>	RR-747	11/21/2005	RR747.pdf
	The city of Wausau took action to revitalize a low-income neighborhood by transforming a vacant old industrial parcel, into a public park and new affordable housing.			
<input type="checkbox"/>	<b>Middleton Redevelopment</b>	RR-741	10/21/2005	RR741.pdf
	Middleton a once busy railroad depot continues to change and grow today, not only with new developments, but also with the cleanup and redevelopment of a major brownfield located in the heart of the city's downtown.			
<input type="checkbox"/>	<b>Milwaukee, West Milwaukee Brownfields Revitalized</b>	RR-668	09/05/2001	RR668.pdf
	Success story describing the clean up and redevelopment of the Inryco and Babcock & Wilcox brownfield properties.			
<input type="checkbox"/>	<b>Murray Machinery, Inc.</b>	RR-740	10/05/2005	RR740.pdf
	A former factory with a history of using the surrounding land to dispose of industrial waste is cleaned up and gets a second chance to give back to the Wausau community.			
<input type="checkbox"/>	<b>Osceola Creek</b>	RR-736	08/04/2005	RR736.pdf
	A labor day rain storm caused one of three dams in the area to fail, flooding a residential neighborhood with contaminated sediments. The village of Osceola took action and now have plans to turn the site into greenway and trout restoration area.			

<input type="checkbox"/>	<b>Radford Village &amp; Marion/Pearl Avenue Redevelopment</b>	RR-701	<b>03/18/2003</b>	RR701.pdf
Success story describing the contamination, cleanup and redevelopment of two brownfield sites in the City of Oshkosh.				
<input type="checkbox"/>	<b>Richard I. Bong World War II Heritage Center</b>	RR-732	<b>07/29/2005</b>	RR732.pdf
A small town takes a contaminated property and turns it into a museum celebrating the legacy of a World War II flying ace.				
<input type="checkbox"/>	<b>Rockline, Inc.</b>	RR-730	<b>06/30/2005</b>	RR730.pdf
For more than 100 years the R-Way property in downtown Sheboygan was a thriving business establishment. Thanks to state and local clean-up efforts, the site once again has become an economic engine for this southeastern Wisconsin community.				
<input type="checkbox"/>	<b>Rueping Leather</b>	RR-744	<b>10/26/2005</b>	RR744.pdf
A property that housed one of Wisconsin's first businesses makes the uneasy transition from tanning to banking, thanks to help from the city of Fond du Lac and the DNR.				
<input type="checkbox"/>	<b>Town of Madison Redevelopment</b>	RR-737	<b>08/09/2005</b>	RR737.pdf
One of the last major undeveloped parcels located close to the city's Beltline, the old Icke Landfill cleanup transformed the site into a unique business redevelopment and training center.				
<input type="checkbox"/>	<b>Tri-Par</b>	RR-742	<b>10/26/2005</b>	RR742.pdf
A former stone blacksmith shop and gas station, in Cedarburg, has been cleaned up and redeveloped into a "gateway corner" for one of southeastern Wisconsin's favorite small-town tourist destinations.

<input type="checkbox"/>	<b>Repeal of Temporary Suspension on Approval of and General Interim Guidance for the Use of Hydrogen peroxide/Catalyst Injection (a/k/a Fenton's Reagent)</b> Technical guidance for the use of hydrogen peroxide/caatalyst (Fenton's reagent) injection for remediation.	RR-583	12/01/1997	RR583.pdf

Check out our website at <http://dnr.wi.gov/org/aw/rr/>

☐ **Wastewater General Discharge Permit for Remediation** RR-030 05/22/2001 RR030.pdf

Information document and application for a permit for wastewater discharges from soil or groundwater remediation projects where the wastewater discharges are similar enough in character to meet the general permit requirements.

Category	<i>Technical - Groundwater</i>			
Title	Pub. #	Date	Filename	

☐ **A Fact Sheet of Frequently Asked Questions about Temporary Monitoring Wells for RR Program Sites** RR-647 05/07/2001 RR647.pdf

Frequently asked questions about regulations and technical considerations for temporary wells under NR 141, WI Adm. Code

☐ **Groundwater Sampling Desk Reference** DG-037 09/01/1996 DG037a.pdf, DG037b.pdf

Guidance on determining data objectives, developing and following site-specific sampling plans, making thorough pre-sampling preparations, conducting purging and sampling consistently, and documenting the entire sampling event.

☐ **Groundwater Sampling Field Manual** DG-038 09/01/1996 DG038.pdf

Procedures for collecting groundwater samples.

☐ **Guidance for Design, Installation and Operation of Groundwater Extraction and Product Recovery Systems** RR-183 11/19/2003 RR183.pdf

Technical guidance for groundwater and free-product recovery systems intended for consultants and DNR staff.

☐ **Understanding Chlorinated Hydrocarbon Behavior in Groundwater: Investigation Assessment and Limitations of Monitored Natural Attenuation** RR-699 04/23/2003 RR699.pdf

The document provides guidance on characterizing and monitoring sites where monitored natural attenuation of chlorinated hydrocarbons is being considered as part of a clean up remedy.

Category	<i>Technical - Petroleum Contamination</i>			
Title	Pub. #	Date	Filename	

☐ **Contents of Site Investigation Reports for Petroleum Contaminated Sites** RR-628 10/22/2001 RR628.pdf

Checklist Summary of NR 716 and NR 746 Requirements for Petroleum Sites

☐ **Guidance on Air Sampling & Emission Monitoring at Petroleum Contaminated Soil and Groundwater Remediation Projects.** SW-509 09/01/1995 SW509.pdf

Guidance on Air Sampling and Emission Monitoring at Petroleum Contaminated Soil and Groundwater Remediation Projects. Please note that a form referred to in the document, form 4400-120, is obsolete and is replaced by form <pubs/4500-168.pdf>

☐ **Guidance On Natural Attenuation For Petroleum Releases** RR-614 04/02/2003 RR614.pdf, RR614.zip

Technical guidance on site investigation needs, data analysis, and monitoring for natural attenuation at petroleum release sites as well as Wisconsin regulatory requirements for site closure when using natural attenuation as a remedy.

<input type="checkbox"/>	<b>Mann-Kendall Statistical Test</b>	4400-215	<b>02/19/2001</b>	4400-215.zip
	Zip file containing Mann-Kendall(S) statistical spreadsheet, instructions, and Appendix A from Comm 46 and NR 746. For use in conjunction with closure of petroleum contaminated sites under Comm 46.07 and NR 746.07. Only available electronically.			
<input type="checkbox"/>	<b>Mann-Whitney Statistical Test</b>	4400-216	<b>02/19/2001</b>	4400-216.zip
	Zip file containing Mann-Whitney(U) statistical spreadsheet and Appendix A from Comm 46 and NR 746. For use in conjunction with closure of petroleum contaminated sites under Comm 46.07 and NR 746.07. Only available electronically.			
<input type="checkbox"/>	<b>Modified GRO Method for Determining Gasoline Range Organics [includes DRO Method, PUBL-SW-141]</b>	SW-140	<b>09/01/1995</b>	SW140.pdf
	Comprehensive field and laboratory procedures for the collection and analysis of soil and groundwater samples according to the Wisconsin DNR Modified GRO and DRO Methods.			

Category		Technical - Soil		
	Title	Pub. #	Date	Filename
<input type="checkbox"/>	<b>Application of Soil Performance Standard Guidance</b>	RR-676	<b>10/08/2001</b>	RR676.pdf
	This guidance answers the question: What is the level of soil contamination that is required to be addressed, and hence, could be addressed through the use of a soil performance standard at closure?			
<input type="checkbox"/>	<b>Commonly Asked Questions about Lead (Pb) Soil Standards in Wisconsin</b>	RR-653	<b>04/19/2001</b>	RR653.pdf
	This guidance provides answers to the common questions that DNR staff and consultants have raised about the lead (Pb) direct-contact residual contaminant levels in Table 2 of NR 720, Wis. Adm. Code. Examples are given to show general NR 720 precepts on determining direct-contact site-specific RCLs when Pb is present at a site.			
<input type="checkbox"/>	<b>Determining Residual Contaminant Levels Using The EPA Soil Screening Level Web Site</b>	RR-682	<b>01/10/2002</b>	RR682.pdf
	This guidance describes how to use the EPA web site on soil screening levels to determine generic residual contaminant levels that are in accord with NR 720, Wis. Adm. Code (large .pdf file)			
<input type="checkbox"/>	<b>Guidance for Cover Systems as Soil Performance Standard Remedies</b>	RR-709	<b>04/15/2004</b>	RR709.pdf
	Comprehensive guidance for remedy selection, design, construction and operations of soil performance standard cover system remedies.			
<input type="checkbox"/>	<b>Guidance for Design, Installation and Operation of Soil Venting Systems</b>	RR-185	<b>11/19/2003</b>	RR185.pdf
	Technical guidance for soil venting systems (AKA soil vapor extraction systems) intended for consultants and DNR staff. As described in the Errata, SW509 replaces Attachment 1 (not included in the on-line version.)			
<input type="checkbox"/>	<b>Guidance for Determining Soil Contaminant Background Levels at Remediation Sites</b>	RR-721	<b>12/14/2005</b>	RR721.pdf
	Technical guidance on how to determine background soil contaminant levels at sites undergoing remediation through the NR700 process.			
<input type="checkbox"/>	<b>Guidance on Soil Performance Standards</b>	RR-528	<b>04/15/2004</b>	RR528.pdf
	Soil performance standards offer an alternative to numerical soil standards for closing out contaminated soil sites. They may not be used as an alternative to meeting groundwater standards. Revised and Updated to account for rule changes and Publication RR-709.			

- ☐ **Guidance on the Use of Leaching Tests for Unsaturated Contaminated Soils to Determine Groundwater Contamination Potential (New Addendum - 10/7/03)** RR-523 10/07/2003 RR523.pdf

For use in assessing the potential for contaminated soil to contaminate groundwater in excess of ch. NR 140 standards; not intended for leaching tests to determine waste characteristics or leachability of wastes that have been stabilized.

Addendum: Adds examples to illustrate how SPLP data should be interpreted and analyzed to determine SSRCL protective of groundwater. The empirical basis, use of statistics and their limitations are included in this Addendum.

---

- ☐ **Naturally Occurring Biodegradation as a Remedial Action Option for Soil Contamination Interim Guidance (Disclaimers Updated Sep. 2004)** RR-515 09/15/2004 RR515.pdf

Technical guidance for evaluating petroleum contamination sites for their suitability for remediation through natural biodegradation intended for use by consultants and DNR staff at contamination sites.

---

- ☐ **Smear Zone Contamination** RR-712 01/25/2006 RR712.pdf

This fact sheet provides guidance on how the smear zone is evaluated to help determine whether a site is placed on the GIS Registry for soils exceeding generic or site-specific RCL's.

---

- ☐ **Soil Cleanup Levels for Polycyclic Aromatic Hydrocarbons (PAHs) Interim Guidance** RR-519 04/01/1997 RR519.pdf

Provides suggested generic soil cleanup levels for PAHs based on protection of groundwater quality and protection of human health from direct contact with contaminated soil via ingestion or inhalation.
